The habitual daily use of this vegetable is much more beneficial to man than most people imagine. The writer, who is familiar with its virtues, is acquainted with many men and women who from various causes have become so much affected by nervousness that when they stretched out their hands they shook like aspecileaves, but by a moderate use of celery they became as strong in nerve as other people. We have known others to be cured of palitation of the heart. To this we may add that we received of Dr. Henley, of Portland, Oregon, a bottle of "Celery, Beef and Iron." By close analysis we state the preparation called Celery, Beef and Iron is what it is represented to be, absolutely pure, and every one engaged in labor weakening to the nerves should use "Celery, Beef and Iron." We find also according to the formula received, each bottle is composed of Liebig's extract of beef, extract of celery, and pyrophosphate of iron with condensed wine. These combined we pronounce the best known remedy for any disorder of the nerves or neuralgia. The most delicate nerves, even of birds, we give celery, how much better will it subserve the wants of the human family?—Prf. B. H. Openheigen in Journal of Chemistry.

The Secretary was requested to obtain information from Guaymas as to keep himself in communication from time to time with proper persons in the south, so as to receive early information of threat-ening danger. Of Prime Importance.

CHANGED EVERY DAY FOR THE MECHANICS' STORE.

A question of prime importance with mothers is to dress their children neatly and becomingly, and at the same time with due regard for the outlay. It has come in the line of our business to supply CHILDREN'S CLOAKS, CAPS, BONNETS, Etc., of all kinds, and we believe we are doing so with such an eye for style, originality and price that, these things considered, there is very little to justify the making of such goods at home.

In FINE CLOAKS FOR CHIL-DREN, from eighteen months to three years of age, we are showing a choice line of New York Garments-no two Cloaks alike. Purchasers of these garments thus get exclusive styles. They can be had in Flannels, Cashmeres or Silks, with various Lace Embroidery and Ribbon Trimmings.

Particular attention is called to the many charming novelties in CHIL-DREN'S CAPS and BONNETS now displayed in the Millinery Department.
